

Hey! My name's Amir, and I'm in my third year of a BA in English at the University of Regina. I'm interested in being your VP External Affairs because I want to make a difference. I have professional experience with management, marketing, and event coordination, three skills that are directly relevant to the position and that are incredibly valuable to URSU, the Executive Committee, and the student body that I hope to serve.

As your VP External Affairs, I look forward to:

- Working with provincial and university authorities to streamline the online learning process and work towards better funding for postsecondary education,
- Tackling serious issues such as online learning fees, tuition increases, and Proctortrack,
- Implementing and coordinating new campaigns, programs, and events,
- Expanding our mental health and gender diversity resources,
- Improving transparency and communication between URSU and the student body, and
- Ensuring adequate representation for all students in URSU.

I'm incredibly committed to improving our university and helping my campus community however I can. I've been part of the University of Regina Ambassador Program for 3 years, I volunteered with University of Regina Housing Services for 1 year back when I lived on campus (and received a scholarship in 2019 for my leadership and commitment), and I'm a registered tutor on the University of Regina Tutor Registry. I want nothing more than to use my passion, skills, and commitment to make our campus a better place for all.

Let's make a difference. Together, we can make a better university experience.
