

My name is Manveet Singh. I am an International Student from India and now I am enrolled in my second year of the Health Studies program. I am a former National level martial artist. I used to practice North India Martial arts back in India. I have been actively participating in community work and programs for quite a long time. I m also a member of the Guru Nanak Free Kitchen team who has been providing free food to the community for over 2 years.

When I started university, I didn't know anything about the URSU and the services they have been providing but over time I came to know about them. There are still many students who are not aware of these services so this is why I want to run for VP of External Affairs so I can bring awareness among students and especially for First-year students because being a student myself I know it can be hard and overwhelming to get settled in a new education system. Moreover, I love socializing and this position will give me an opportunity to meet new people from different countries and in various events. So I this is why I believe I am an ideal candidate for VP of External Affair position and I hope I have our support.

**BE THE CHANGE
YOU WANT**

MANVEET SINGH

VICE PRESIDENT EXTERNAL AFFAIRS
