

My name is Emmanuella Nnebeife and I am in the faculty of Media Arts and Performance (MAP) with a Major in Film production. I am running to be the faculty director of Media arts and performance. I started volunteering for the URSU and I realized that I needed to get involved and decided to run for this position. I have spent time relating with everyone and people in faculty and I think good relationship with people will really help in knowing what the students want and bring productivity to the university.

I strive to make the University an inclusive for everyone starting with my faculty and expanding to everyone else in the university. The URSU is for the students and I believe we can make the university as comfortable as possible for everyone.

As a faculty director, I will make sure to have my faculty's best interest at heart and make sure everyone is heard while also making suggestions that are inclusive for not just the faculty but the university as a whole.
