

Hi, my name is Gurmaan Singh. I am currently enrolled in a concurrent program of certificate in health studies and certificate in liberal arts. I am an international student and has been in university for around 2 years now. This has been difficult 2 years because of the Covid- 19 situation but still university staff and professors have found a way to work everything around. For me, this position means to contribute my time and knowledge to help my fellow students, assist them in the most convenient way possible. Also, I think this position will really improve my personal skills like thinking logically, being more social and learn about authority. So, it would be a great honor for me to be part of URSU for the welfare of students. I wish we all have a great year ahead, Thank you.
