

Hello, I am Honey Jignesh Patel and I am running for Director of engineering, my primary goal would be to promote innovation and technical excellence among students.

As an engineering student I will work with the faculty to identify areas of improvement and develop initiatives to help students achieve their academic goals. Also, as we prepare for the future, career development is essential. I will work with Career services and also Engineering Student Society to develop workshops, seminars, and career fairs to assist engineering students to be more aware and connected to secure internships and jobs.

As a candidate for the Engineering Departments student election, I am dedicated to working hard to ensure that our department continues to grow and thrive. I have the skills, experience, and passion needed to make a difference, and I am committed to working with my colleagues and faculty to achieve our goals. I look forward to serving as your representative.
