

Hello, I am Abdalla Badar Al Jaedy a fourth year student and I am running for Director of Luther College. As a fourth-year Human Justice major at Luther College, I have a deep passion for social justice and a strong commitment to making a positive impact in my community.

Some of my experience are: I dedicated my time to volunteering with the Regina Open Door Society gaining invaluable insights into the needs of newcomers to our Regina community. I recently started a project aimed at raising awareness of men's mental health issues in Regina where I seek to address the overlooked mental health concerns that affect many men today. At the age of 18, I founded a nonprofit organization, Volunteers For Humanity Kenya where we focused on making a meaningful impact in our community. Under my leadership, we implemented various programs to help elementary school students navigate their educational journey with ease. We provided essential sanitary pads and tampons to deserving school girls and addressed the pressing need and support to their access to education. Finally, we hosted debate competitions for high school students, providing a platform for open discussions about daily social affairs fostering critical thinking and promoting civic awareness.

As a candidate for the Director of Luther College election, I aim to promote diversity and inclusion, foster partnerships with local non-profit organizations to expand volunteer opportunities for Luther students, advocate for environmentally sustainable practices and be an advocate and champion for Luther College students concerns at the University of Regina Student Union. I strongly believe that I have the passion and experience to make a difference. I am also committed to working with my faculty and colleagues to accomplish the goals we set. I look forward to the opportunity to be your representative.
